EDUCATION

Tertiary
Lorma Colleges
2019 - 2023

Secondary
Saint Louis College
2013 - 2019

Primary
Saint Jude Montessori Educational Center
2007 - 2013

SKILLS

- Web Builders
- Elementor/Pro
- WordPress
- Webflow, Squarespace
- HTML, CSS, JS
- Figma, Git, MySQL, SEO
- Microsoft Office Proficiency
- Basic Audio, Video and Photo Editing

PROFILE

As a Computer Engineering graduate, I bring a solid foundation in software development, with hands-on experience in building responsive and user-friendly websites. I've worked with web builders like WordPress, Squarespace, Webflow, etc., and have proficiency in HTML, CSS, and a foundational understanding of JavaScript and PHP. My background also includes implementing SEO best practices to improve website visibility and performance.

Beyond web development, I've worked with Arduino to develop software for embedded systems, combining coding with real-world hardware interaction. This experience has strengthened my problem-solving skills and understanding of low-level programming concepts.

With a drive to excel and adapt to diverse environments, I'm eager to contribute my skills and continue growing as a versatile professional in the field.

WORK EXPERIENCE

Project-Based Work   **October 2023 - March 2025**
